To enhance learning and enrichment opportunities for international students, the Government announced that starting from Nov 1, 2024, full-time non-local undergraduate students would be temporarily exempted from the restrictions on taking up part-time jobs. Eligible non-local undergraduate students will be issued an updated "No Objection Letter" (NOL) upon approval of entry or extension of stay applications that allows them to take up any employments during their program of study. Non-local students shall observe the conditions for these employments as stated in the NOL issued by the Hong Kong Immigration Department. Any breach of condition of stay will render them liable to prosecution and deportation from Hong Kong.

Please note that you are NOT allowed to start your internship until you have been issued such NOL by Immigration Department. You may direct questions about the application procedures to the Immigration Department enquiry hotline at +852 2824 6111.
